Carson City, NV – Consumers who enrolled in a health plan through Nevada Health Link and paid their first month premium by the deadline will have health insurance coverage beginning January 1, 2014. Those who enrolled close to the deadline will not receive an insurance card from the carrier by January 1, 2014.

Individuals who need to seek medical attention prior to receiving their insurance card are urged to call their insurance company after January 1, 2014 and before they visit a doctor, clinic or hospital. The insurance company will be able to verify enrollment and confirm that the doctor or medical facility they wish to visit is in the company's network.
